THE PROUD ONES

Riding forth on the wave of success, brought by the outstanding people and clubs of this school. Spirit has crested and given us a campus to be proud of. Caught up in the currents of development our remodeled and modified campus highly reflects the accomplishments and strength of our exceptional student body. Among the things responsible for this tide of enthusiasm were factors ranging from enormous student participation in clubs and activities to a teaching staff nothing short of amazing. Other reasons were the wide variety of courses and opportunities this school has to offer. But most of all it was you, the students, the backbone of the Wolverine Spirit. All these strengths and a campus full of people as limitless and unbounded as the sea, gave us a powerful sense of Wolverine pride, and every right to be, THE PROUD ONES.

Scholars Recognized

Hard Work Pays Off.

Students through the years have gone unrecognized for their long hard hours of studying. So in honor of these unknown scholars this page is about the top student in every department.

The outstanding students in science were Mike Mack, Terri Keller and Betty Cioto. Diana Rodriquez, Lisa Pennington and Diana Collins were the English department's finest.

The best in P.E. were Bobby Vega, Lisa McNaulty and Mona Lomeli.

The top students in R.O.T.C. were Teresa Dominquez, Kathy Ogden and Greg Caudle.

Steve VanDreel, Buch Goff and Mark Sproding worked the hardest in Industrial Arts.

Tim Loberger, Alvia Martinez and Sylvia Ortega did fantastic in business.

Tammy Zoco and Gloria Rodriquez did an over whelming job in Foreign Language, as advanced French students.

The students that excelled in math were Shea Pritchard and John Boumice.

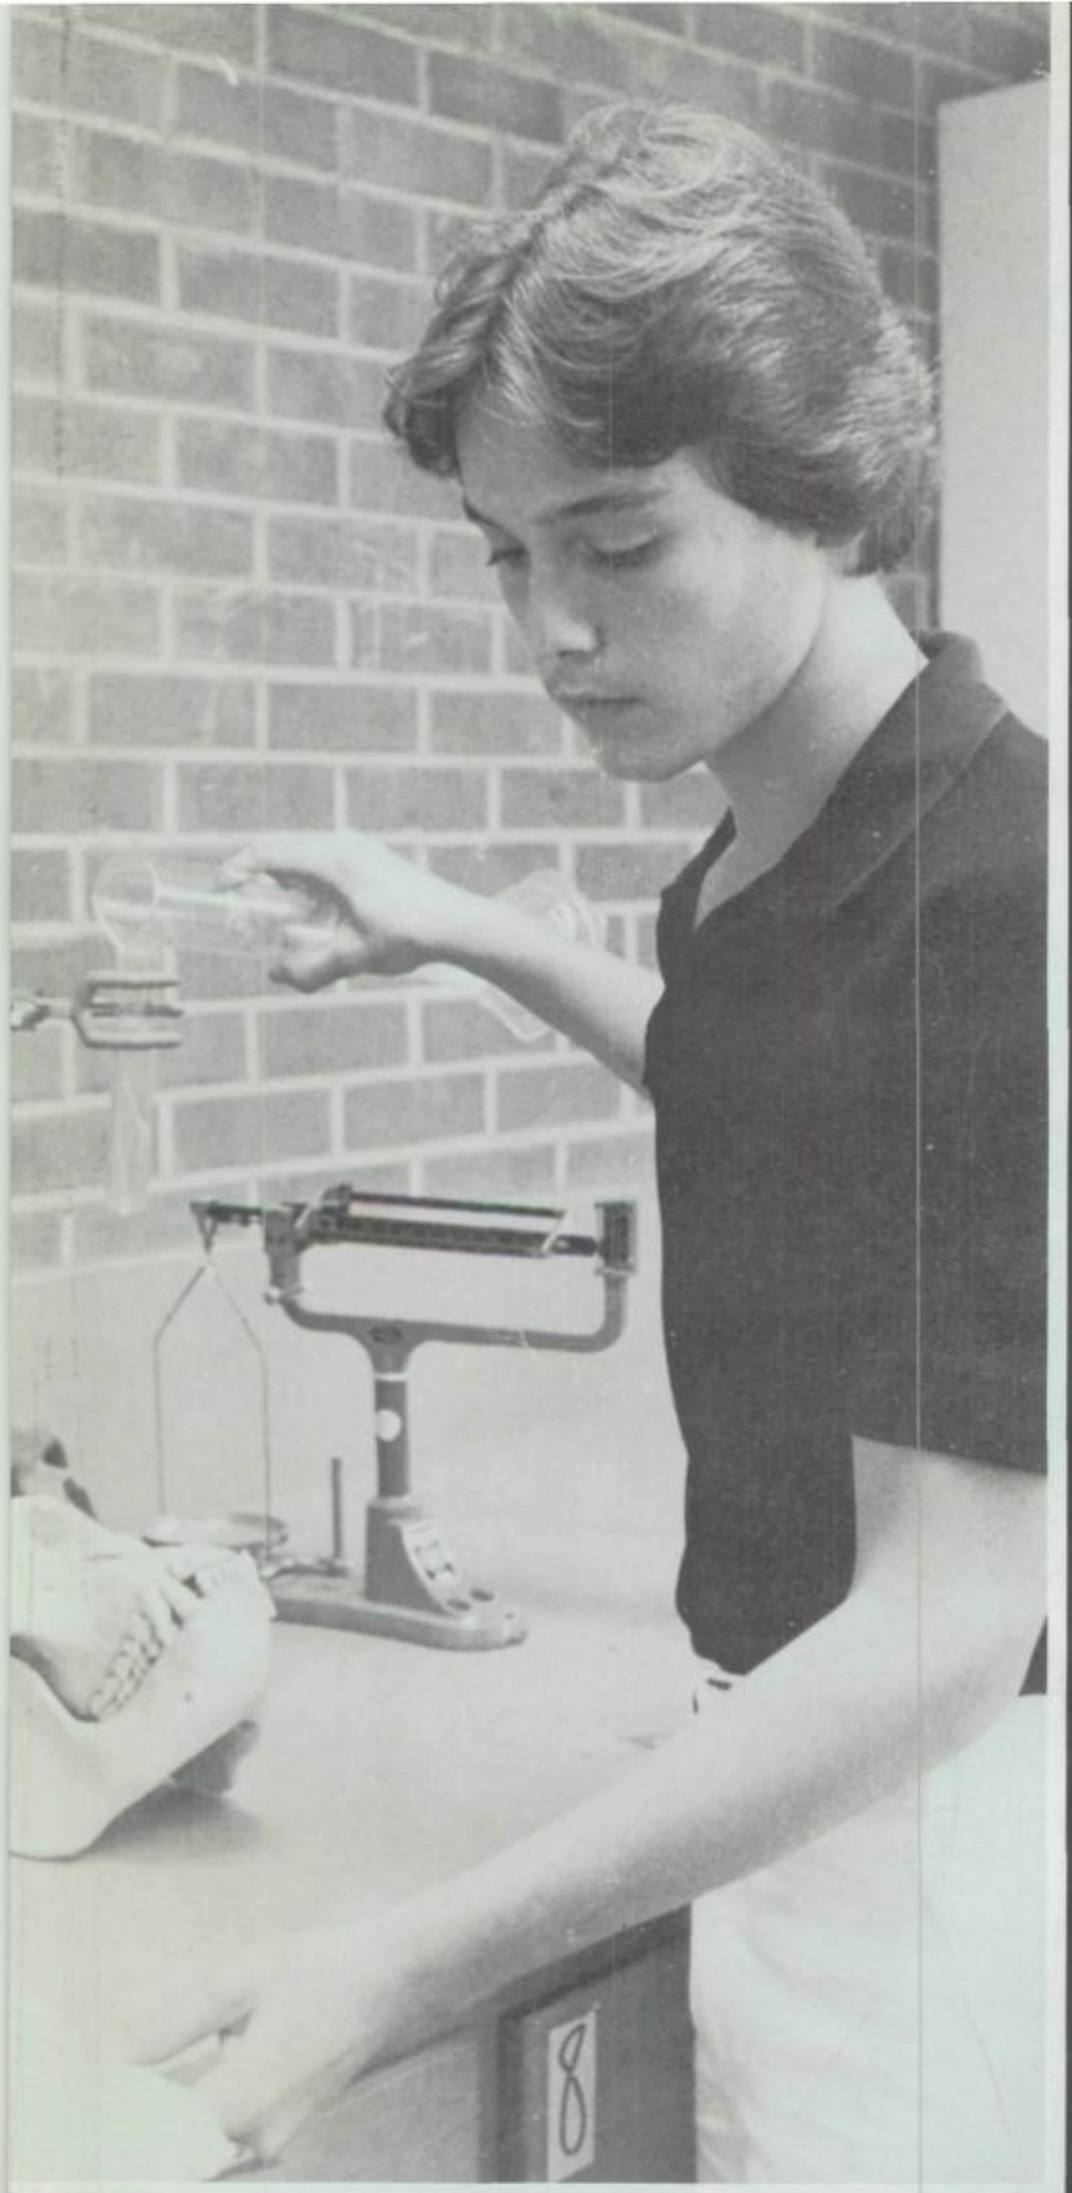
Angie Tapia was chosen by the Fine Arts department.

Tim Loberger, Sylvia Ortega and Alva Martinez, outstanding business students, show off their talents.

Angie Tapia, senior, is exceptional! She has been nominated for being the best in every category: Drama, Music, Photography and Arts. As a sophomore she starred as Oona, the banshee in "The Cry of the Banshee."

Shea Pritchard, senior, works hard figuring out this difficult equation. Hard work is why Shea has done so well in such classes as Algebra 1-2 (A), Geometry (A), Algebra 3-4 (A) and Analysis.

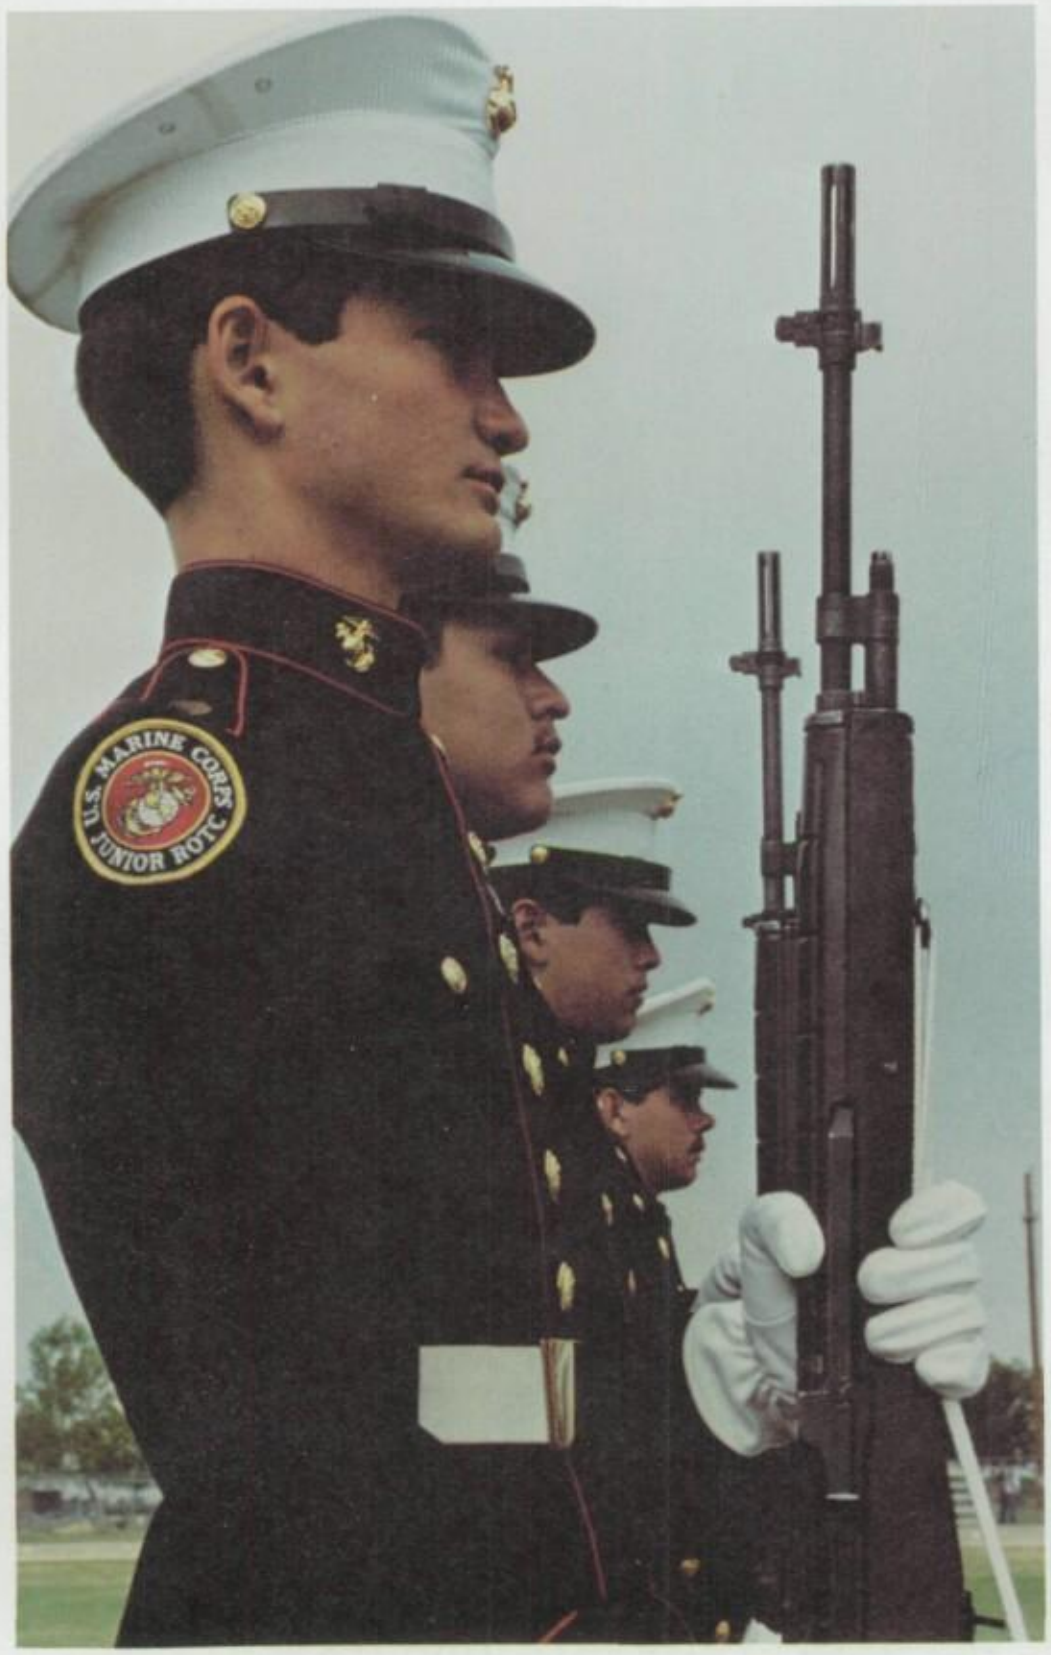
The very accomplished poet, Diana Collins, is reading some thrilling poetry. She won a state poetry contest in 1982.



Junior Mike Mack is performing a delicate experiment. Mike's impressive background in science makes him outstanding in Chemistry and Anthropology.

Excellence Flows From Tolleson's Gates in a Clear Steady Stream!

Drill Teams Ranked Best in Nation Clubs Wear Uniforms with Pride!



TOLLESON STANDS TALL!

Teresa Dominquez, outstanding leader of the Girl's Drill Team, commands the respect of all. Pride shows in the faces of Richard Abbot and Bobby Busse as they perform at games, parades and assemblies. Marie Redman, President of FFA, discusses botony with William Yorgenson. Their high quality and sincerity represents the many active clubs on campus. Wherever our drill teams perform, they return with high awards and honors. In 1975 they were ranked the best in the United States! Greg Caudel, Angel Martinez, Dejon Parker and Tom Lucas proudly presents arms, as Becky Hutcherson and Debbie Tucker stand at attention in the flagline.

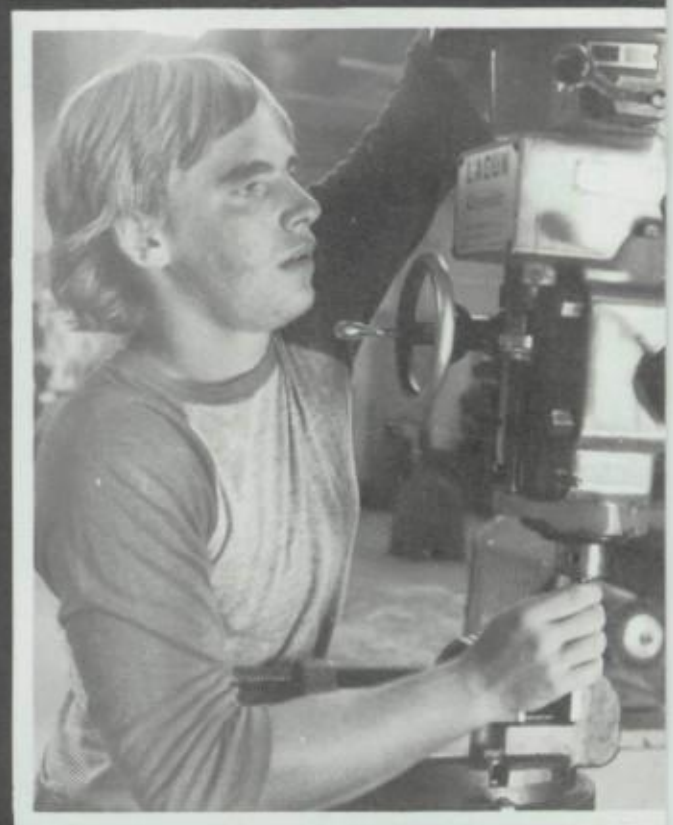
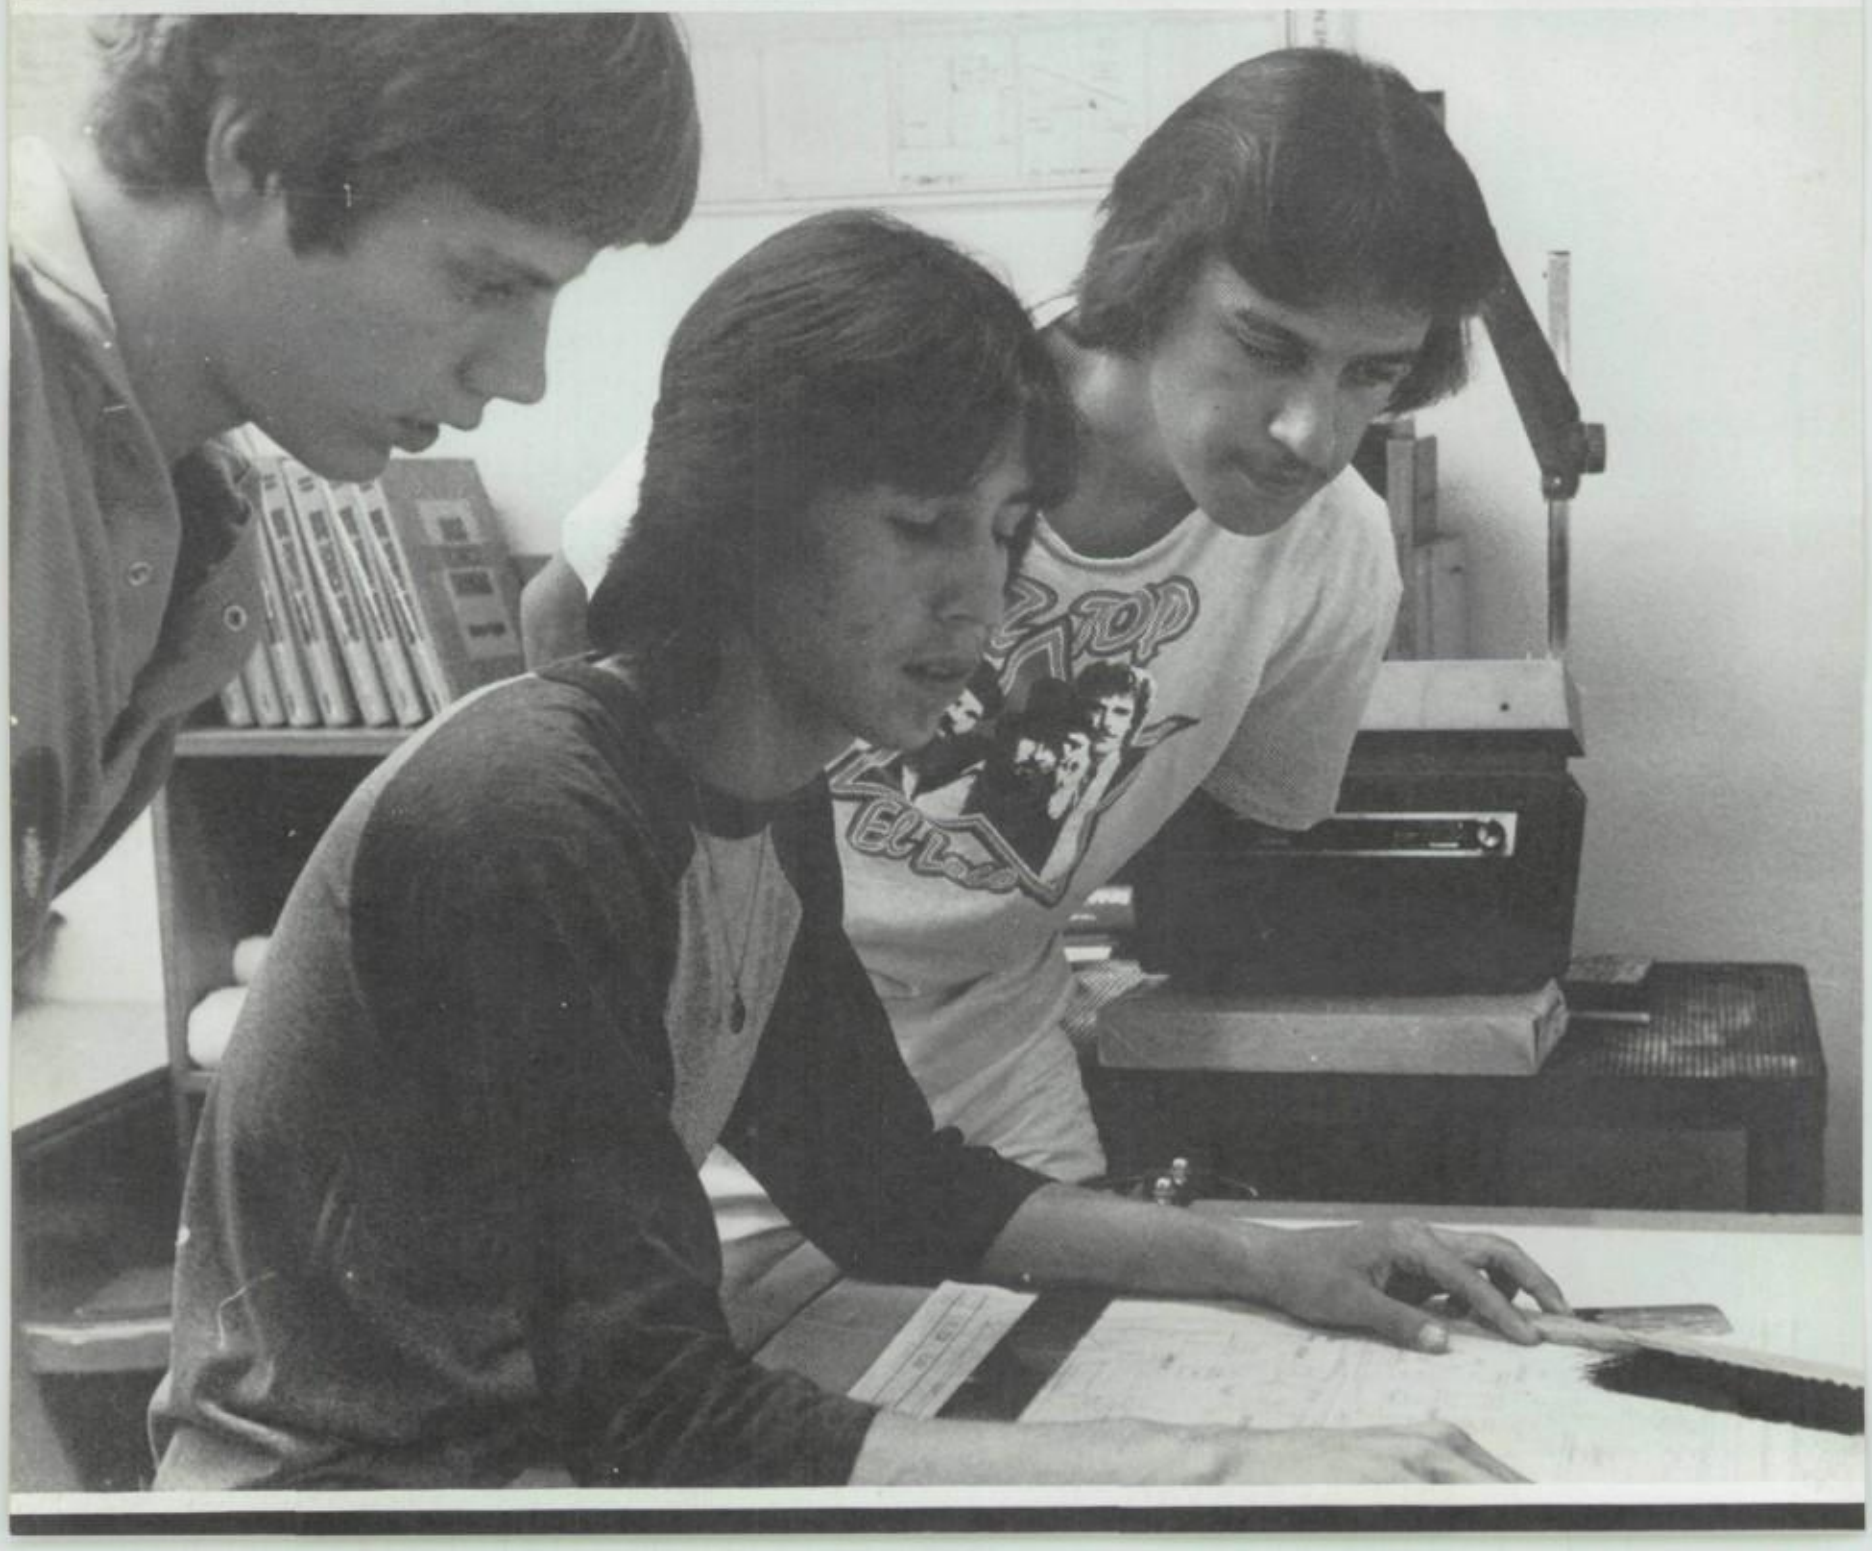
INDUSTRIAL ARTS ABOVE AVERAGE

Students Learn Trades, Develop Talents

The industrial arts program did better than ever, with over 50% of the students being enrolled. The North Central Evaluating committee stated that the Occupation Versatility program was very effective and suited the needs of the students. TUHS also had the largest industrial arts complex in the entire state, with the cost of the complex totaling over $1,000,000.



Outstanding metal student Butch Goff exercises his two years of experience by adjusting a milling machine.
Eddie Garcia, and outstanding drafting student, works on his layout while drafting student Mike Murray and Mike Hall add their opinion.
Eddie played a big part for the school by helping with the floor plan.



Junior Mark Spradling uses his three years of wood working knowledge by creating an object on the wood lathe, which makes him the best in the field.
Senior Joe Silverman, an outstanding art student, shows his skills by drawing a mythical warrior. This year Joe is trying to capture an art scholarship for college.
Ken Miller, an outstanding welding student, asks the opinion of Mr. Chaffee about the fine points.

CLUBS SERVE PROUDLY

FBLA on Television Donates $3600 to Muscular Dystrophy! SIC Paints Town!

The number of clubs that "Serve" on campus are many; featured here are a few of the best:

Future Business Leaders of America is one of the most active clubs giving service. Having attended an MDA Youth Leadership Conference, five members learned unique ways to raise money. Six students went to KPHO, channel five, at six a.m. and donated their earnings to charity. After the day was over, James Hawley said he felt "a warm feeling of having done something good." Other members attending were Dana Cloud, Dawne Turnage, Sylvia Ortega, Paulette St. Armour, Eileen Black and the sponsor, Mrs. Nancy Sharpe.

The National Honor Society has the answer for anybody needing tutoring. Highly skilled members will help underclassmen in any subject. Bobbi Beals helps Quinann Kimbrell, a freshman with her homework.

Remember when there were only five minutes between classes? The School Improvement Committee got the extra minute the school has now! SIC also paints over graffiti on Saturdays. Shown here are Sylvia Ortega, Norma Orona, Diana Rodriquez as they plan out SIC's year.

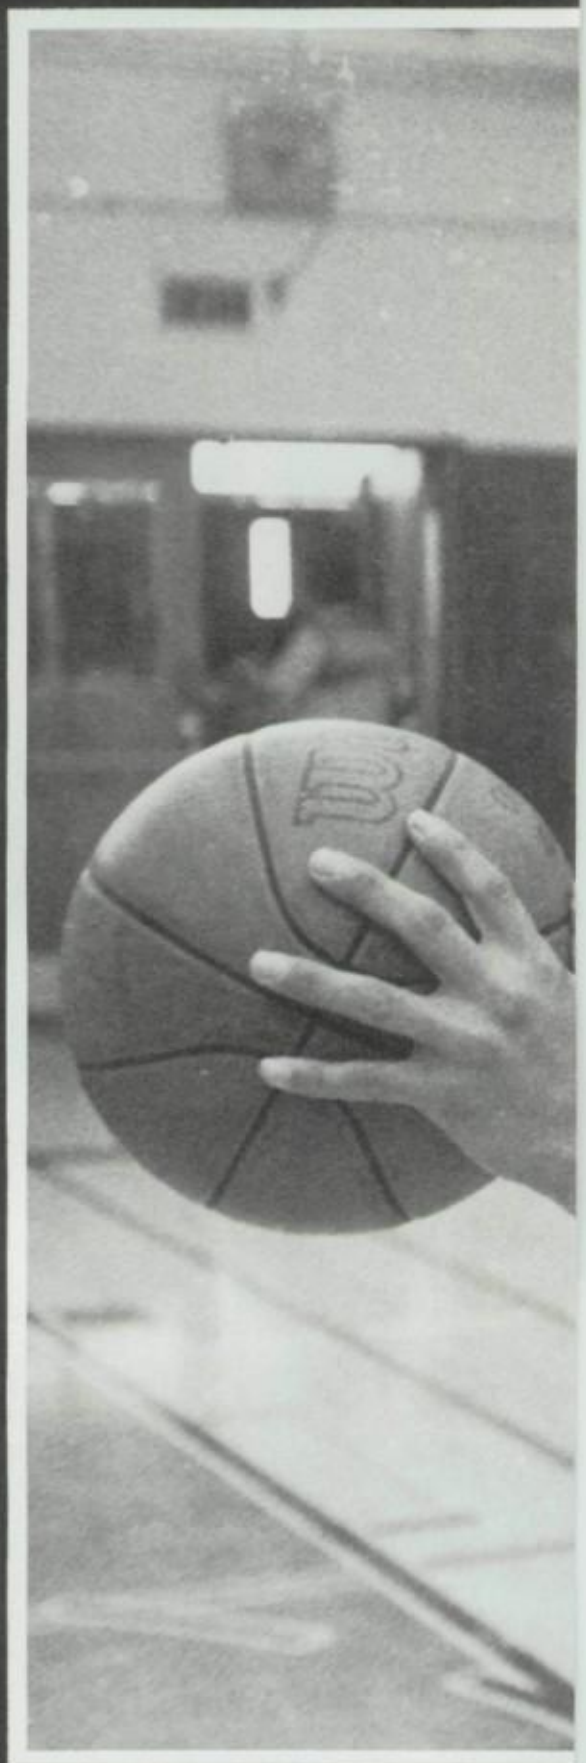
Labor day weekend, Paulette St. Armour and Mrs. Nancy Sharpe presented a check for over $3600 to Dewey Hopper, channel 12 weather personality.

Sometimes the phones are ringing and sometimes they are not as demonstrated by Eileen Black and Dana Cloud, relaxing and talking between "on the air" breaks.

Paulette St. Armour writes down pledges and listens as a generous person donates money for Jerry's kids.

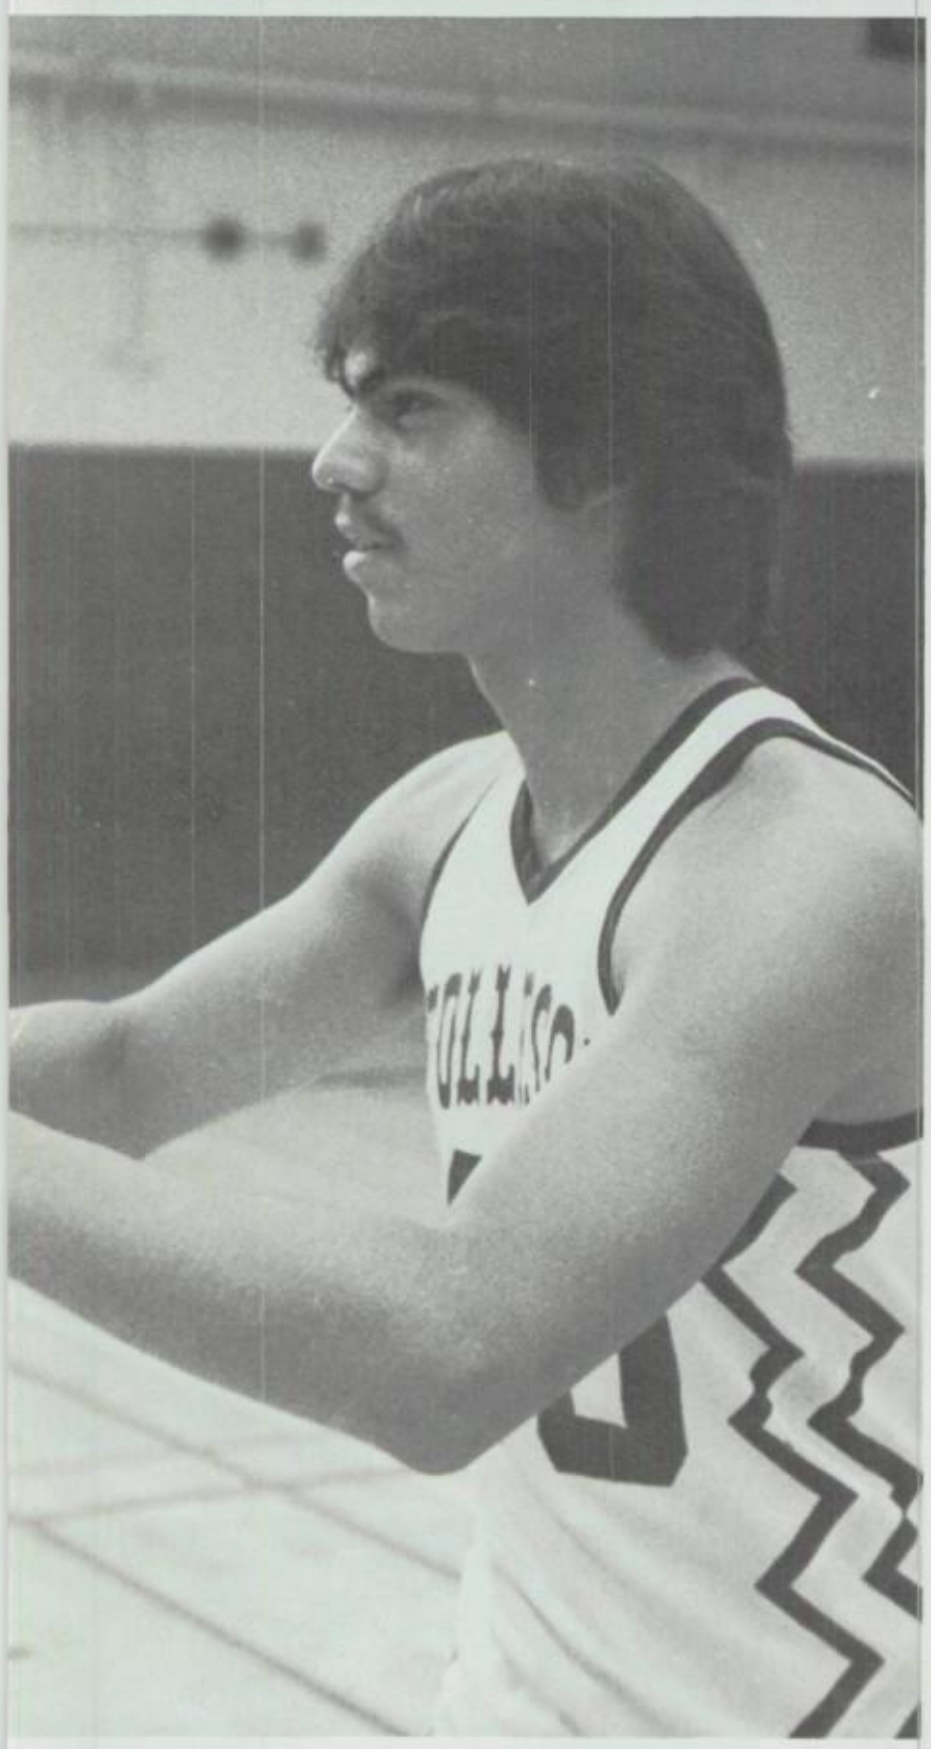
When dialing 264-1444, a pleasant voice which says Jerry Lewis Telethon. That's Sylvia Ortega taking your pledge. Layout by James Hawley. Photos by James Hawley and Bob Logan.

Athletes Earn Their Pride

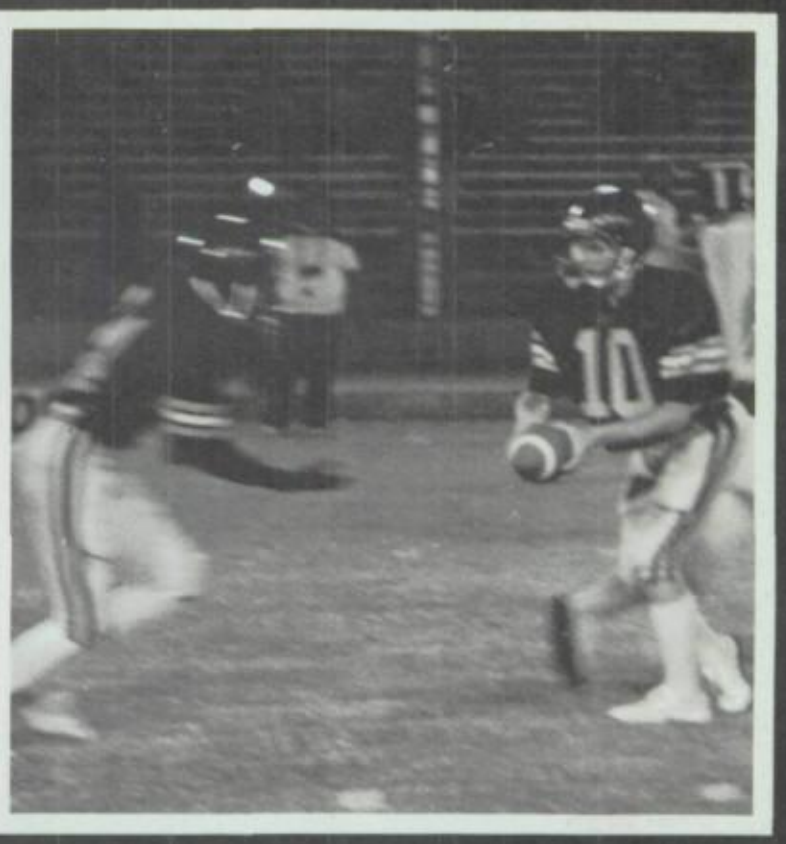


The all-around outstanding athlete, Mona Lomeli earned her title by being a hard working dedicated person. This effort made her the leading scorer and rebounder in girl's basketball. Through her high school career, Mona has played every position on the team. As coach Kelly stated: "People like *Mona make coaching enjoyable.*"

New on the campus, but equally outstanding was Juanita Laborin. Most valuable player 2 years in a row in the Jr. High Leagues, she hoped to play for the wolverines.



Varsity basketball's most valuable player was Bobby Vega. Always an offensive threat, Vega played his position well and often lead in scoring.



Todd Davis hands off to Derrick Allen, halfback, who ran for a touchdown against Maryvale.

FUN ACTIVITIES THRILL MANY!

CLOCKWISE FROM CENTER Among the many exciting activities were the Pep Rally enjoyed by Brenda Polaski, Renee Crow, Jenifer Keys, Tammy McDaniel, and Dawn Caudle. Our newly decorated cafeteria made lunchtime a big thrill for Pam Villalpando, a new freshman; Murry Jones and Steve Haag approve of the change also. Anna Galindo beamed with pride as the new year began. Denise Fulks and Brenda VanWinkle registered for school looking forward to a great year; Tammy Byler and Terry Hernandez were happy to be back to school and showed their best smile. Football was the main attraction, and center of interest. Coach Thurmon Simmons and Quarterback Todd Davis planned many successful touchdowns.

SENIORS TRAVEL BY SHIP

Fly Back From South America

Two members of the class of '83 toured ports of Central and South America by ship for two weeks in November. Jackie Christenson's family invited Shea Pritchard to accompany them on the voyage during Thanksgiving.

After leaving Los Angeles, they stopped in the ports of Acapulco, Panama Canal, Cartegena, Martinique, St. Thomas and Puerto Rico. Having visited these islands in the Caribbean they flew back home to Arizona. Commenting on her experience Shea stated: "Some things I will do again, and others I won't."

A DREAM COME TRUE

Gloria Tarango, a Junior, bought a raffle ticket for the Fiesta De Octobre raffle held at the Blessed Sacrament Church October 1, 1982. Little did she know that this ticket she had bought was the winning ticket for a four-day three-night trip to Mazatlan, Mexico. Gloria stayed in shock for a couple of days until she received a call from the raffle's travel agent wanting to set up a date. The trip was for two people and instead of debating which family member or friend to take she gave the trip to her parents as a present. Congratulations Gloria!

Wolverines Hold Together

Despite the fine effort by the Wolverines this season was an enjoyable experience for all. They were a team that stuck together through thick and thin and met every Friday night with the wil and power to stand proud. At the seasons end Coach Simmons stated, "All things considered, we were not greatly disappointed because we knew we were not going to be great." He added, "In the final analysis, we played about as well as we could play and I don't think I could expect anything more than that." At the end of the season the Wolverines were #9 and still holding together.

The Largest Team In History

Freshman Football team was high on talent, spirit and team work. With 66 dressed football players, this was the largest Freshman Football team in TUHS history. With at least nine outstanding players, Frosh Football team proved that they are ready for JV.

The JV team was small this year. Their record was four and three with one tie. They stuck together though some of the football players were moved to Varsity. Coach Hysong stated, "They gave 100% into the games and practices." Their toughest games were against Cactus and Maryvale. This years sophomores have more talent than some of the previous classes. They strive to win and they do their best.

Sophomore John Galindo strives for touchdown.

SENIORS LEAD VARSITY

The non-conference games were a big success; they were 3-4 at mid-season.

"My best players are seniors," stated Mr. Roberson. "I feel they will keep us on a winning note.

Our toughest teams were Carl Hayden and Agua Fria," he added.

"Our goal this year was to win 10 or more games through the season . . . This group of individuals is the hardest working team I have had as Varsity coach at Tolleson. They are a great bunch of kids."

Tolleson two victories were won over Carl Hayden. The coach, Mr. Mroski, said; "Lack of experience was our biggest draw-back. Instructors, Mr. Fish and Mr. Dahl gave complete effort to help improve our Wolverines strength. Strength in Karate isn't the only one we have. Weight lifting is a very important aspect to all students who put any kind of effort in giving their "best shot," in Wolverine strength!

Jose Luis Moreno holds the record as the best weight lifter at the high school: at 195 lbs power-cleaning and 275 lbs benching.

Bruce Mays has a black belt in Karate. He is the most outstanding person in Tolleson's Karate Club.

SOCCER GAINS EXPERIENCE

The Varsity Soccer team entered their second season this year. With only five teams in their division and their new experienced players the Wolverines moved into a very strong position.

Three of the new players that gave the Wolverines the extra boost were Tim Loberger, Ricardo Reis and Eric Wilkins. Loberger, a senior, came out for the first time and immediately became defensive captain. Ricardo Reis a Brazilian exchange student was a great help to the team with his fantastic ball skill. The third, Eric Wilkins was definitely the best freshman with his skill on offense. Some of the students returning from last year that were a great help were Darren Williams, Leopoldo Moreno, Richard Campbell, Ricky Hodge, Brad Anderson, Mike Reilly, Danny Isabel, Arnulfo Salgado, and Joell Rodriguez.

VARSITY CAPS WINNING SEASON WITH PLAYOFFS

Ranked number two in their division the Varsity Softball team finished their season by earning a spot in the divisional playoffs. The record of 10 and 9 was the team's best since Tolleson has joined Triple A. Ramona Lomeli, Debbie Ryan, and Charlene Eichorn were the main cog in an efficient softball machine throughout the year. Coach Monty Anderson told how he felt about the squad when he said, "They're very awesome, really done a heck of a job." With natural skill, and many hours of practice, the team managed to emerge victorious over very respectable teams, and they represented Tolleson very well.

MODEL U.N. — TOAST MASTERS UNIQUE CLUB EXPERIENCES

Many new clubs were born on campus, of these, the most unique was the Model United Nations. Model UN was a "mock" United Nations on a high school level. At the general assembly students act as delegates representing various countries in a United Nations format. The club represented two third-world countries, Paraguay, and Zambia. Participants in Model UN were nominated by teachers and those who wished to join were interviewed by the club sponsor, Cathy Lumm. Mrs. Lumm had hopes of representing more controversial countries like Russia or Libya in the future.

Career Center makes us proud!

OPPORTUNITIES FOR THE FUTURE

Many unique opportunites were opened by the Career Center and JAG. (Jobs for Arizona Graduates) Career Center offered career planning and computer print-outs on career objectives and colleges. They also had many guest speakers including Tex Earnhart, a Phoenix car dealer, and Brent McClei, a professional football player for the Minnesota Vikings. JAG set up a school supply store called the "Get it, Got it, Good Store." Students in JAG worked in the store during their lunch hours, and learned about business and retail selling. JAG also co-sponsored the annual blood drive, which netted 70 pints of blood.

TRACK TEAM BREAKS RECORDS

Last spring the track team began with a fresh start. With the help of a new coaching staff the 40 members improved and had a great season. The team broke several records: Senior Pat Bain set the school record and was also the new State Triple AAA Pole Vault Champion with a vault of 14.6 feet. Junior Dena Smith set the school record of 16.6 feet in the long jump. Freshman Charlene Eichorn broke the school record and placed 6th in divisionals with a time of 2.31 minutes in the 800 meters. The team members met many individual goals in their respective events and the season was highlighted by victories over West, Carl Hayden, and a four-way JV meet against Agua Fria, Trevor Browne and West.

1. Chad McBride completes second against Maryvale on March 5. 2. Another first place taken by Pat Bain against Maryvale on March 5. 3. GIRLS SHOOT FOR VICTORY

Last spring's Varsity Girls Basketball team participated in the AAA metro division. The toughest opponents in the league were Arcadia and Horizon, whom each contributed to the 3 losses in league play. Outside of the league the team battled with very strong competition. The Tolleson team was one of the youngest teams in the metro-division. According to coach Lyle Kelly, "The team has the most potential and the most quickness.

The team consists of one Senior, three juniors, and four sophomores. Senior, Linda Green and Junior, Mona Lomeli were the leading scorers and had the greater number of assists. The two who have improved most offensively are sophomore, Lisa Macnulty and junior, Anita Laborin. Most improved defensively is sophomore Rhonda Beaupre. Junior, Subrena Foster and Sophomore, April Lopez are the top rebounders for the team.

Mr. Kelly enjoys coaching, when the girls are enthusiastic and want to learn. He also enjoyed working with JV coach, Betty Sipe this year.

PROM LIVENS SPIRIT

APRIL 16 at SHERATON GREENWAY INN

The Spring Prom was a big success, the lights were dim and the mood set. The men were very courteous and debonair in their suits and tuxedos. HOMECOMING GETS A CHANGE

The coronation of the Homecoming King and Queen was done at the spirit assembly, the night preceeding the big game. This was a change in tradition in previous years, the coronation had been held during half time. After the crowning ceremonies a rousing spirit competition between classes was held, which sophomores won. The assembly was rounded out with a colorful talent contest, the warm glow of a roaring bonfire, and the cheerleaders leading the entire crowd in our fight song.

SPAIN, BRAZIL, MEXICO, VIETNAM

Victor de Cambra, (upper right) an exchange student from Madrid, Spain, found Tolleson interesting and different: "In Spain, you don't have to change classes; the teachers do the changing." He added, "We have to learn obligatory subjects such as basic culture." When asked about what he thought to be the most difficult thing to adjust to, Victor replied, "The idiomatic expressions . . . different accentuation, different words, and people speaking more quickly and louder."

Ricardo Reis, an exchange student from Brazil stated: "The Brazilian system of education is totally different from the American. In Brazil, we are required to take ten subjects every year. We don't have as many sports, and the schools are not as big . . . In Brazil we have only 3 years in high school. The first two years are new subjects, then the last year is a review for a big test required for graduation . . . In Brazil we call the teachers by their first names." Ricardo said he missed his language, Portuguese, and the places he used to go to. Victor missed the music, the transportation, and the Spanish way of life.

Alicia Cruz, one of several new students from Mexico, stated that schools here are much better. School lunches, nurses and busses are not common in Mexican schools.

SERENDIPITY
THE COMPANY WITHIN MODEL OFFICE

I'm sure you have heard of the normal routine business classes offered here at Tolleson, typing, shorthand, accounting and business machines. But have you heard of Model Office? Model office is a class which constructively puts all and more of these classes into practical use. This class is set up like a company, and run by the students to gain knowledge of office procedures.

This class is taught by Mrs. Roberts who also serves as President of the company, Serendipity. The class is two hours long, and is offered first and second, and third and fourth hours.

The company consists of three major departments, the sales department, shipping department and the accounting department. In addition to these three departments, there is also a receptionist, secretary and office manager. To supplement this company, there is also a bank and utilities set up.

Jeanette Curtis in shipping Dept. filling customer's orders.
Jeannette Chance typing utility bills for Serendipity customers.

YEARBOOK SPONSORS CONVENTION

On October 9, 1982, the yearbook staff sponsored the annual AIPA Convention for journalism students. It had the largest attendance ever, over 500 students from all over the state of Arizona. It was held at Central Arizona College.

When asking Bob Keller, layout editor, how much time goes into the yearbook, he said, "Countless." He added, "I work on it because I want a good yearbook."

Many students give up their lunch hour and stay after school to work on the annual. When asking Scott Jackson why he liked working on the staff, he answered: "You're working on the history of the year."

Scott Jackson, sophomore, shows students how to use the ladder.

Bottom Row: Tina Snodgrass, Jerry Wood, Karen Rodgers, Lisa Edwards, Eileen Black, Jeff Combs, Jackie Sehnert, James Hawley, Mr. Stan Jackson, advisor; Bob Keller, layout editor; Joe Collins, copy editor; Terri Dominguez, Joel Rodriguez, Rick Parisi. "Murphy's Law" . . . if anything can go wrong . . . is always a challenge to beat. Mr. Jackson congratulates Rick Parisi on beating Murphy's Law with his good nature, never giving up, persisting, repeating etc. After eight times he finally pulled it off. Most students give up after the first try, but not Rick! He kept at it until he finally got all three classes together with the photographer.

Lupe Rivera and John Spiller give Martin Trinidad and Patty Armas helpful hints on how to do a layout.

Wolver-News, Photolab Cover it All

There were many troubles to be battled in the beginning, for Wolver-News. Probably the most detrimental was the reduction of the staff from 20 last year to a record low of nine. Only two of these were "returning lettermen" as Mr. Cooper put it. In the same interview he added, "If I were a sports coach I would say we are having a building year." Other problems were the overload in Photolab, a change of printers and a schedule change from last year.

Even with the problems in the beginning the staff covered the school to keep the student body informed. There were many interesting articles written, such as one page on research articles on the chemistry of anger which was three weeks in writing.

Chris Devine, Lucy Fong, Diana Rodriguez and Kathy Ogden were several of the many fine reporters. Chris also wrote many articles for the Teen Gazette. One of the outstanding beginners was Scott Jackson. His famous quote was printed in the November issue: "A newspaper should always try to raise the reading level of its readers, and so raise the intellect of society without writing above its readers so that they can't understand.

This year's Managing Editor Vincent Pacheco keeps things under control.

Diana Rodriguez, senior, works hard editing final copy. Diana wrote the whole front page in the November 24 issue, excellent articles about "unique and foreign" students.

One of the full page research articles is done by Gina Nelson, a junior.

Thanks to Mr. Wolfe's class

The newspaper nor the yearbook could be produced without the help of Mr. Wolfe's class.

PROUD HISTORY

The first high school in the Tolleson Union High School District started in 1920 at Pendergast Elementary. A small wooden building was moved on containing two classrooms, one for each of its two teachers.

There were only four graduates in the first class! (Seen on the right)

In 1927 the high school was moved to the Christian Church in Tolleson, where Circle K is today.

In 1928 Old Main was completed. A circular drive ran in front of the school for those students driving horses and buggies. Hitching posts were on 94th Avenue.

The 1930's brought athletics to Tolleson. Basketball was our first interscholastic sport. We won Consolation two years in a row. Basketball became so popular that in 1937 we built our first gymnasium. It still stands as our present day cafeteria. (Seen on the left)

In the 1940's we added baseball, tennis, and six-man football. In 1948 the Wolverine Band held its first concert in the auditorium.

The 50's saw many changes at Tolleson. In 1951 Freshman initiation and hazing had to stop, due to the subsequent hospitalization of two of the freshman initiates. At this time Seniors were given an official ditch-day in place of Freshman initiation. In 1955 the three yell leaders, two girls and one boy, known as, "Wolverettes," presented two new songs to the school. Our first fight song "Fight on you Wolverines:" and our Alma Mater "All Hail to Tolleson."

On May 2, 1960 the Swimming pool was opened for student use. In 1961 the Board of Education decided to pour the patio behind old Main. The patio could be used for dances, banquets and other activities. During the early sixties the patio was used almost every Friday and Saturday night.

Through the combined efforts of the 1963-1964 and 1964-1965 student councils, a Victory Bell and school flag were purchased. The Victory Bell was to be rung at football games after each Wolverine touchdown and was supposed to begin and end each pep assembly.

In 1964 our present day gymnasium was built. The old gym was then converted to the cafeteria. In 1967 Tolleson, one of eight schools in the United States, was selected to initiate Marine Corp Junior Reserve Officers Training.

In 1970 the female teachers of Tolleson requested permission from the Board of Education to wear pants to school and to extracurricular activities. Prior to this time, female teachers were required to wear dresses to all school functions. The request was approved.

In 1972 the Board of Education purchased the land on the corner of Campbell and 91st Avenue. By 1976 Juan Bautusta de Anza High School was completed. Freshman and Sophomore students attended De Anza from 1976 to 1980, while juniors and seniors remained at Tolleson. De Anza was sold to the Pendergast School District in 1980. The school is presently named Westwind Elementary.

In 1978 the Flagline was added to the Wolverine Band.

In 1981 our new library was completed as well as a new Industrial Arts complex, one of the largest in the nation.

In 1982 the campus took on a new look with completion of phase III of our remodeling, adding more than a dozen new classrooms and a new sport's complex with courts for tennis and racquetball.

Wrong Way Wooten visited our school as a guest of Mayor Herrera, on his way to California.

They wanted to express their appreciation to their new sponsor, Ms. Garcia.

The Pom Line consisted of three returning poms and five new poms. The 1982-83 captain's squad. Davina Bonell, Co-Captain; Lupe M. Rivera, Co-Captain; Christine Devine. Captain.

In the latter category, Chris Devine did an extremely funny interview on her show "Spotlight Tonight" with Dona Guadalupe on how to make "chicano chicken" for supper. Image Behind New Improvements

Many positive changes have improved the school and campus. When asked about these in a recent interview, Dr. Charles A. Landis, superintendent stated: "The Administration and Board of Education have tried to create an atmosphere conducive to a good educational experience for all young people. There have been changes in the cafeteria, Old Main, the auditorium, 22 new classrooms, new and remodeled locker rooms, and new recreational facilities — all to make the school a good place to be everyday. The school is by no means perfect; however, we are striving to be the best."

Then Dr. Landis added: "Parent involvement and student responsibility in the total educational picture is always appreciated. Tolleson Union High School belongs to all of us, from the students to the parents — let us all do our equal part to make it a better place to be."

To Sherry, I did not have all that much fun in any of your classes this year, but I hope you have a great summer. Good luck in the future.

THE PROUD ONES ...

As the end of the year drew to a close, we glanced back on a year of great challenges and shining achievements. Not only did the school itself grow, but also the heart and pride of all Tolleson students. Among the many individual accomplishments made by students were those of Norma Orona, who placed first in a cosmetology competition; James Hawley, first in FBLA Economics competition; Eileen Black and Dawne Turnage, first in a Poster contest; Jim Casteel, first in Martin Parson's Show for male models; Rudy Ramos, first in the Wrestling Division, Angie Tapia, winner of state photography/art competition . . . 6 gold keys!

As for the team efforts, after many years of defeat, the Varsity Basketball team beat Agua Fria for the first time in the Triple A division. Another advancement was met by the Girls Softball team which made it to divisionals. Again, we're very proud of the "mighty" ROTC Drill Teams: competing in grand style with many schools from the western states, they took first place and won the prestigious "Black Jack!"

Finishing Phase III of our construction with new classrooms, a new sports complex including racketball and tennis courts, and refurbished Old Main with a new hallway, doors and air conditioning . . . the new snack bar and remodeled Cafeteria . . . gave our school a PROUD NEW FEELING!

Pride is our motto!
Pride is our theme!
TUHS has the country's best
drill teams!
Our faculty of teachers is the
very best,
there are none finer in all the
West.
Our basketball and wrestling
teams
are very great indeed,
with tremendous strength
and thundering speed!
Our pride and our honor
is what we all behold,
the Wolverine's our symbol
very PROUD, very bold!
